Position: Sales Engineer (Major Repairs & Upgrades)
Location: London
Closing Date for Applications: Open until a suitable candidate is appointed

We have a vacancy for a Sales Engineer based at our busy London office.

Ideally, candidates should have a proven track record within a target driven environment and will be responsible for:

- Building effective relationships with new and existing customers
- Securing new orders to achieve sales targets
- Generating proposals and managing enquiries for major repairs and upgrades work
- Expanding product knowledge; sourcing market and competitor information

The successful applicant will report directly to the London Sales Manager and will be responsible for actively promoting the requirements of our repair and upgrade services, to new clients and consultants as well as those from our existing client base and will involve (but not be limited to):

- Undertaking surveys as necessary
- Preparation of repair and upgrade proposals
- The preparation of pre-tender and tender returns
- Presentation and client meetings

As always, personality and customer care is of vital importance, however, in the sales environment the ability to properly communicate electronically through email, customer internet based portals and other electronic media requires the successful applicant to have the following basic skills:

- Either 5 GCSE qualifications (or equivalent) at level A to C or relevant proven experience.
- Basic understanding of Microsoft Excel, Word and Outlook.
- Able to communicate effectively with clients, colleagues and internal departments

Benefits of the position for the right applicant include:

- Competitive salary (non commission) based on proven experience.
- Company Car or Personal Car Allowance in accordance with the current policy
- Participation in the company profit share scheme after a qualifying period.
- Stakeholder pension scheme.
- 25 days paid holiday in addition to public holidays.
- Medicash Health scheme and a contributory Private Health Care scheme.
