<b>Position</b>	Engineering Project Coordinator
<b>Office</b>	London
<b>Apply To</b>	Jamie Felton / Alan Bowdery
<b>Closing Date for Applications</b>	Until Filled

---

#### Details

A vacancy has arisen for a Project Coordinator within our Engineering Department in our Installation Company.

This busy rewarding role will include, but will not be limited to the following:

- Assisting the Engineering Manager and Engineering Surveyors
- Assisting the Drawing Office.
- Client Design meetings
- Liaising with the Project Coordinators.
- The efficient use of the installations database systems, Full training in this respect will be provided
- The close co-ordination of the companies' ISO procedures.
- Compliance with all company policies, in particular our ISO, Health & Safety and Environmental Policies.
- Other duties as required by the position.

This position is London based but you will be required to work nationwide.

The successful applicant will suitably have proven previous experience within project management and be able to work efficiently within a busy department. The ability to communicate with clients, suppliers and employees is essential.

In return we can offer:

- We offer a competitive salary.
- Benefits package including a company car or inclusion in the car cash allowance scheme
- Participation in the company profit sharing scheme after a qualifying period.
- Contributory Pension Scheme.
- Contributory Private Health Care Scheme.
