Lifts • Escalators • Cradles

Position: Repair/Modernisation Supervisor
Location: Manchester
Closing Date for Applications: Open until a suitable candidate is appointed

Due to expansion, we have an opportunity for an additional Repair/Modernisation Supervisor based at our busy Manchester office.

The successful applicant will be working as part of our dedicated repair team and should have a strong bias in lift repair/refurbishment work and an interest in the development of the Repair Department. You will report directly to your Manager and Director and have the ability to effectively communicate with clients, suppliers and employees.

The main areas of responsibility will include, but not be limited to the following:

- Supervisor of a team of Repair Engineers.
- Supervisor of both large and small repairs and administrative requirements, including major refurbishments.
- Supervision and the achievements of the Repair team's budget with a view to growth.
- Supervision of effective communication by your team both internally and externally.
- Attendance at Management/Departmental/Disciplinary meetings as required.
- Full co-operation and support of the Management team across all departments.
- Efficient use of the Services Database Systems and Management Reports.
- Compliance with all company policies, in particular our ISO, Health & Safety and Environmental policies.
- Successful completion of training courses as required.
- Other duties as required by the position.

It is envisaged that as the business opportunities develop, the role will develop.

Benefits of the position for the right applicant include:

- Competitive salary.
- Company vehicle or Car Cash Allowance scheme.
- Participation in the company profit share scheme after a qualifying period.
- Contributory pension scheme.
- 25 days paid holiday in addition to public holidays.
- Medicash Health scheme and Wellbeing Scheme.
- Contributory Private Health Care scheme.

Still interested? Then please apply (in confidence) together with your CV to either:
